### **LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 29, MALIBU EMERGENCY REPAIR OF 4-INCH-DIAMETER WATER MAIN ON ENCINAL CANYON ROAD**

On February 3, 2005, a landslide at Encinal Canyon Road caused a leak in the District's 4-inch-diameter water line serving residents in the Encinal Canyon area. W. A. Rasic Construction Company was called to assist District staff to repair the leak and abandon a 300-foot segment of water main within the slide area that did not serve any customers to prevent additional leaks. The work was completed on May 9, 2005, at an estimated cost of \$15,000.

W. A. Rasic Construction Company is one of five as-needed, on-call emergency contractors, with a contract approved by your Board on December 1, 2003. We committed to reporting to your Board all emergency repairs carried out under these contracts.
